

Fresh on Friday

Bee Happy Discovery Garden
2020 Summer Schedule

9-11am: Friday mornings in June, July and August.

A happy and enriching environment for kids and pollinators!

EVERY week kids can learn about & taste what's growing in the garden! They are encouraged to explore, help out and observe using all their senses! Magnifying glasses, watering cans, art materials and books help each child connect with the garden at THEIR OWN pace! Special activities and partners every Friday! Follow us on Facebook for the latest updates!

JUNE

- 5 Create "Kindness Rocks" for the garden and beyond!
- 12 Clear Lake Arts Center, Little Locavores
- 19 Clear Lake Arts Center, Kids Drumming Circle
- 26 Iowa Waste Exchange, Little Locavores

JULY

- 31 Bee & Butterfly Day! Beekeepers, faceprinting and more.

AUGUST

- 7 Lime Creek Nature Center
- 14 Clear Lake Arts Center, Turbo Tumbling
- 21 Clear Lake Arts Center
- 28 Harvest and Eat!

Clear Lake Arts Center-The Arts Center will give kids of all ages a chance to BLOOM with Art and express their creativity from 9-11am.

Little Locavores-We team up with Healthy Harvest of NI to provide free, hands on cooking classes. Classes start every 30 minutes from 9:30 -11:30am. Ages between 5-12 are given priority but all ages are welcome!

Kids Drumming Circle-Julie Platt will introduce kids to the benefits of drumming. Drums provided. Sessions at 9am and 11am.

Lime Creek Nature Center- The Lime Creek Nature Center is THE place to learn about North Iowa's diverse natural resources! Their intern will bring a fun, educational and interactive activity!

Kids Make Music: Join Deb Nielsen, music therapist, at 10am for a moving, musical activity!

Iowa Waste Exchange-Repurpose activity! The IWA is one of the nation's premier materials exchange programs. They provide ways to keep waste produced by Iowa businesses and institutions out of landfills and into our economy,

Ag in the Classroom-Their primary goal is to help educators teach students about Iowa agriculture and its importance to our economy and society. They will bring a fun, educational activity around food, plants or farming.

Turbo Tumbling-Jenni Coleman joins us with tumbling mats and enthusiasm to help your child jump and tumble for joy!
